PROGRAM DESCRIPTION

Sept 16-27, 2019 Advanced Level 2 Training (Shanghai & Huangshan Mountains)

A small group of 10 practitioner attendees led by TCMzone's Dr. Dan Wen will embark on our first ever advanced specialty hospital training and exclusive sightseeing tour in China. This training is specially designed for practitioners who previously completed TCMzone's level 1 clinical tour, have a doctoral degree or validated 5-year herbal clinical training experience.

- 2-week intensive clinical training at multiple hospitals' VIP Specialty Clinics in Shanghai with master professor-level clinicians
- Smaller study group (2-3) and longer patient visit, direct interaction with chief clinicians
- Morning Rounds: Internal Medicine (TCM) (respiratory, gastrointestinal, kidney & cardiovascular diseases, etc.)
- Afternoon Rounds: Acupuncture (Neuropathy, Pain etc.)
- All-inclusive mountain excursion through Huangshan Mountains (Xidi and Hongcun villages)
- 26 NCCAOM, CA, FL and IL PDA's/CEU's
- Level 2 certification from Shanghai University of TCM
